Subject: I support Uber

My name is Jenifer Morgenstern and I am a resident of Charleston, SC. I am also a strong supporter of Uber.

Every experience I have had with Uber was positive. There drivers have always been professional, polite and efficient. Unlike Charleston taxi services, the wait time is extremely short and the ride is comfortable. As a female, I do not have to wait, outside and alone, for my ride to appear. Uber simply calls me when they have arrived.

I can not help but feel that the decision to end Uber rides was not in consideration of the people and our safety, but in consideration of the taxi services and their business.

Please reconsider your decision and listen to the people of South Carolina. Uber is a form of transportation that appeals to your community, it provides safe rides to those that use it. It also keeps others safe from potential drunk drivers who are not willing to wait an hour plus for a taxi to come and collect them.

Please allow Uber in you state.
Jenifer Morgenstern

I personally rely on uber for safe rides home from downtown Charleston to my home in west Ashley. They are extremely convenient, friendly, and low cost.

We have lived in Greer South Carolina for 18 years and we totally disagree with your decision to ban uber. Uber is far superior to taxi service. You do a very poor job of regulating taxis. You only require 75000 dollars of liability insurance. Uber carries 1 million. What is your reasoning for ordering uber to cease and desist?

Uber allows more access for people to find travel when needed. Cabs can be few and far between in most South Carolina cities. Please keep Uber up and running.
